Strike Threat
To Ammo SupplyU.S. Takes
Steps For
Quick Pact

By NEIL GILBRIDE
WASHINGTON (AP) — Secretary of Labor W. Willard Wirtz said today that "in theory" there is a chance U.S. forces in Viet Nam could run out of ammunition unless there is prompt settlement of a strike against the only functioning plant able to make the gunpowder they use.

"The public is entitled to expect that the strike be settled very promptly," Wirtz said at a news conference.

AFL-CIO machinists have been on strike since Dec. 1 against the Olin Mathieson plant in East Alton, Ill., which the Pentagon says is the sole producer of gunpowder for rifle, machine-gun, and 20mm shells used in Viet Nam.

"Everything about the case warrants that it be wrapped up rapidly" before any shortage develops, Wirtz said.

He said he did not know when a shortage might develop if the strike continued.

But he added that the nation's interest demands that the strike be settled today.

Wirtz comments were an indication of the increasing government pressure for an end to the strike over wages, fringe benefits and working conditions.

Chief U.S. mediator William E. Smikin stated the case flatly Tuesday after reporting scant progress in the negotiations — "We want a settlement."

President Johnson has taken no public hand in the dispute, but there were strong indications Wirtz was speaking for the White House.

"The Army will face a critical problem in supplying the ammunition requirements" unless the strike is settled quickly, the Pentagon said.

CHARITY LEADER
SOCIALIST DIES

PITTSBURGH (AP) — Sarah Mellon Scaife, 60, a leader of Pittsburgh society whose charitable gifts played a part in the conquering of polio, died Tuesday. Mrs. Scaife was the granddaughter of Thomas Mellon, Pittsburgh banker who founded one of the nation's great fortunes. Her husband, Alan MacFarlane Scaife, died in 1958. Mrs. Scaife founded the Sarah Mellon Scaife Foundation in 1941 and contributed more than \$26 million to institutions and charities in the Pittsburgh area.

One Man, One Vote

Voters Want Bigger
Say In Local Issues

By WALTER R. MEARS
WASHINGTON (AP) — Voters who want a bigger say in the election of their city councils, county commissions and school boards have taken their case to court in communities from New York City to Snohomish County, Wash.

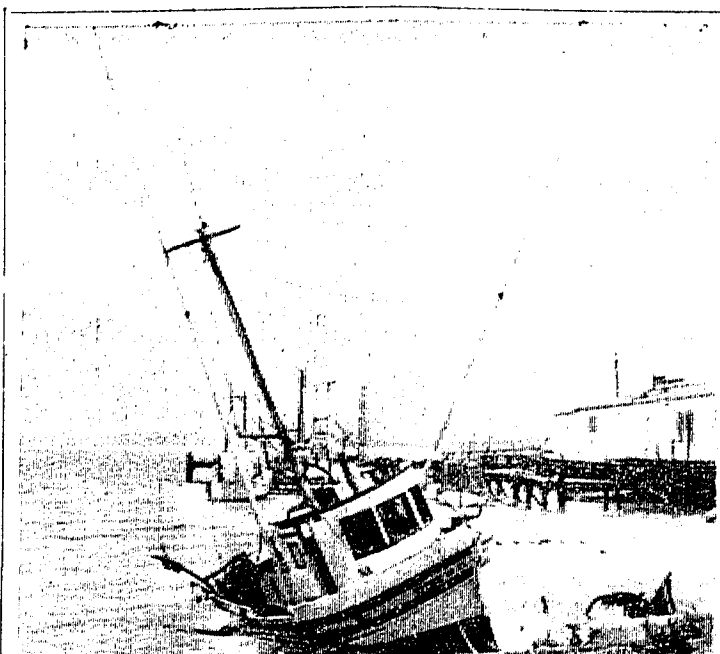

Their aim? To apply in local elections the letter of the one man-one vote doctrine set down by the Supreme Court for apportionment of state legislatures.

In at least 16 states, local government reapportionment cases have been filed or threatened. Some cities have reapportioned their elective bodies in the 18 months since the Supreme Court determined that both branches of state legislatures should be apportioned on the basis of population.

New York State's Court of Appeals already has held that the one man-one vote rule applies to local legislative bodies. So has a U.S. District Court in New York.

New York City reapportioned its council eight months ago to meet the one man-one vote test. But the city still has a problem.

In addition to the 27 district councilmen there are 10 councilmen at large, two from each

"The talks about unconditional negotiations made by the U.S. President are merely a maneuver to cover up his plan for war intensification and extension in Viet Nam," he said.

Ho was replying to a message from Pope Paul VI thanking the North Vietnamese president for the Christmas truce, said a radio broadcast from Hanoi, the North Vietnamese capital.

MANILA (AP) — Vice President Hubert H. Humphrey arrived in Manila today on the second stop of his brief Asian tour after asking the Japanese government to help bring peace to Viet Nam.

Humphrey will represent the United States at the inauguration Thursday of President Ferdinand E. Marcos.

During his 18-hour stopover in Tokyo, Humphrey asked Prime Minister Eisaku Sato for the help of Japan "for any other government" to achieve peace in Viet Nam.

Sen. Saltonstall
Closes 45 Years
In Public Office

BOSTON (AP) — Sen. Leverett Saltonstall, R-Mass., announced today he is closing out a 45-year career in public office by retiring when he reaches the end of his present term in the U.S. Senate in January, 1967.

Saltonstall, who has been in the Senate 21 years, called a news conference to make the announcement, which he read in a federal building courtroom taken over for the purpose.

Emergency supply measures have ensured that the majority of industrial users have sufficient supplies. An increase in the general ration is expected within three months, as a fuel lift by plane and tanker trucks increases the supply to about 76,000 gallons a day.

That is just over half Zambia's needs, and it will be supplied without U.S. help. There is hope that the United States will make up the balance with a large fleet of planes.

British Royal Air Force transports are flying a daily airlift from Tanzania. Four Canadian air force transports begin a fuel lift from the Congo this week.

More than 150 tanker trucks are making a 1,000-mile haul from the railroad in Tanzania, at Mikumi. The operation is not being made any easier by rainy-season downpours which play havoc with the mud roads.

Saltonstall, 73, said he is retiring at the end of his term in January, 1967. He said he reached the decision after "painstaking thought" and after discussing it with his family and friends.

Saltonstall has held elective public office almost continuously since 1920.

His retirement will touch off a wild scramble for his seat, both among members of his own party who couldn't hope to purge him in a GOP primary, and among Democrats who time after time have seen him tumble their vote-getting champions.

Chief among the Republican potentialers are State Atty. Gen. Edward W. Brooke, Jr. and former Gov. Endicott Peabody, who was defeated by Saltonstall in 1954, and who was eliminated in the primary in a second try for the Senate in 1960.

On the Democratic side Boston's Mayor John F. Collins is regarded as a candidate, and former Gov. Endicott Peabody has said he plans to run for either senator or governor next November. Also a possibility is former Gov. Foster Furcolo, who was defeated by Saltonstall in 1954, and who was eliminated in the primary in a second try for the Senate in 1960.

As the level of the canal dropped, 56 barges snapped their moorings, pulled way from piers, and piled up against a dam. Ten of the barges sank.

LOCKPORT, Ill. (AP) — Salvage crews continued today to cut a path through a confused snarl of tossed and sunken barges that have blocked waterway traffic since Christmas Eve between Chicago and river ports as far as New Orleans.

The district office of the Army Corps of Engineers said a usable channel might be opened through the wrecks late today. However, spokesmen for the barge owners doing the salvage work said it might take them as long as Friday to complete the job.

In the meantime, the jam choked off traffic in the Chicago Sanitary and Ship Canal, which carries more than 30.7 million tons of cargo to and from Chicago each year.

The pile-up began Friday night when officials of the Metropolitan Sanitary District of Greater Chicago, worried about the possibility of floods as a result of heavy rains, diverted water through a spillway.

Harriman
On Mystery
Mission

WARSAW, Poland (AP) — U.S. Ambassador-at-Large W. Averell Harriman arrived in Warsaw today on a mysterious mission.

U.S. Ambassador John A. Gronouski cut short a visit to the western Polish city of Poznan and left before dawn to meet Harriman. Shortly afterward, they went to the Polish Foreign Ministry.

Harriman was accompanied to Poland by two U.S. Foreign Service officers, David Dean and Christopher Squires.

Dean is a Chinese language expert and specialist on Chinese affairs who regularly takes part in the Warsaw meeting between the U.S. and Chinese Communist ambassadors. Squires is an expert on East European affairs.

Most members of the U.S. Embassy staff did not learn of Harriman's visit until after his arrival.

Harriman is one of Washington's most experienced negotiators with Communist governments and has often been used by the White House in special consultations with high Red officials.

Zambia Takes
To Bicycles
In Oil Shortage

By JOHN MCCAUSLAND
LUSAKA, Zambia (AP) — Government ministers have laid up their American cars for smaller models. U.S. Ambassador Robert Good and other diplomats have bought bicycles.

Work schedules have been altered to end lunch trips home.

"Is your journey really necessary?" That's the watchword in Zambia as gasoline rationing limits motorists to one gallon a week.

Zambia normally gets its petroleum supplies from Rhodesia, its neighbor to the south. When Britain embargoed oil shipments to that rebellious central African territory, Rhodesia's white government cut off supplies to Zambia to conserve its own stocks.

Communication is not helped by Lusaka's temperamental telephone system which now is overworked more than ever as the public tries to do more business over it. But people seem prepared to wait for nearly 30 minutes to complete local calls rather than waste their precious gasoline.

Emergency supply measures have ensured that the majority of industrial users have sufficient supplies. An increase in the general ration is expected within three months, as a fuel lift by plane and tanker trucks increases the supply to about 76,000 gallons a day.

Will Bomb
Lull Bring
Peace Bid?

By LEWIS GULICK
WASHINGTON (AP) — Washington hopes the lull in the bombing of North Viet Nam targets will produce a peace bid from Hanoi, but U.S. diplomatic sources said today they know of no response yet.

At the same time, as the bombing suspension passed the five-day mark, the Washington informants tended to rate the announced trip of a high-ranking Russian to Hanoi as having little immediate bearing on the fighting.

Rather, they speculated that with Communist party leader Alexander Shelepin's forthcoming visit to North Viet Nam, announced by Moscow late Tuesday, the Soviets are making a further bid for leadership of the Red camp in the face of their rivalry with Peking.

State Department press officer Robert J. McCloskey declined comment immediately on word from Saigon that South Vietnamese and U.S. leaders are expected to accept the Viet Cong offer of a four-day truce over the Viet Nam New Year holidays, Jan. 20-23. Similar lulls in the guerrilla war have occurred in past years.

A Johnson administration source said that when it comes to peace feelers, Washington has made all the initiatives for a settlement of the Viet Nam conflict while Hanoi has offered nothing but a four-point program (Continued on Page Nine)

Ford Heiress
Weds Broker
In Civil Rites

NEW YORK (AP) — Anne Ford, stylish heiress to the automobile empire, was married Tuesday in a civil ceremony to stockbroker Giancarlo Uzielli.

Henry Ford II, chairman of the board of the Ford Motor Co., gave his daughter away in a private ceremony in the Fifth Avenue apartment of his former wife, Anne McDonnell Ford.

The bride, 22, listed among the world's best-dressed women, wore a knee-high white silk gabardine dress trimmed in ermine and no veil for the wedding.

It was the first marriage for Miss Ford and the second for Uzielli, 31. Both are Roman Catholics. Criminal Court Judge Frederick L. Strong performed the wedding.

The wedding was the third marriage of a Ford this year. Anne's older sister, Charlotte, 24, is on a honeymoon in Switzerland after her marriage Dec. 16 to Greek shipping magnate Stavros Spyros Niarchos in Juarez, Mexico. She was to have been the maid of honor at Anne's wedding.

Their father, Henry II, was married for the second time Feb. 20 to the former Maria Cristiana Vettore Austin, the Italian widow of a British naval officer.

Johnson Pushes
Ahead With
Work On Budget

By FRANK CORMIER
AUSTIN, Tex. (AP) — President Johnson pushes ahead today with work on his new budget after reviewing costs of the Viet Nam war — and possibilities for peace — with Secretary of Defense Robert S. McNamara.

Johnson and McNamara are pretty well agreed on a supplemental defense appropriation request, to finance Viet Nam outlays, that will go to Congress in a package separate from the regular budget.

The President already has gotten \$1.7 billion of additional funds for the war. The supplemental request is expected to be about \$2 billion or more.

As in the past, Johnson would presumably interpret any lopsided congressional votes for the added money as a mandate for his policies in Viet Nam.

Even while considering military funds, however, Johnson was much occupied with moves to promote a peaceful settlement of the war that might make needless new money requests for the coming fiscal year, starting July 1.

Fanfani recently reported to Rusk on a conversation between La Pira and President Ho Chi Minh of North Viet Nam which La Pira said contained a peace feeler. North Viet Nam later denied it, but La Pira stuck to his version.

"I beg you ... not to insist upon your dismissal, which I do not think I am able to accept," Moro told Fanfani in a telegram from his Alpine vacation retreat.

Fanfani made clear he still thought he was right in passing on to the U.S. government La Pira's report of his visit to Hanoi.

Fanfani submitted his resignation Tuesday in a dramatic move in which he repudiated any connection with anti-American remarks reportedly made by his friend, Giorgio La Pira.

In the resignation Fanfani also denied any part in what he called the "imprudent initiative" of his wife in giving a party at his home during which La Pira, controversial former mayor of Florence, reportedly made his statements.

Moro asked Fanfani to stay on after the foreign minister resigned Tuesday because of publication of remarks critical of U.S. Secretary of State Dean Rusk and Moro which Fanfani's friend Prof. Giorgio La Pira made at a party given by the foreign minister's wife.

Amid Talk
Of Truce
Actions

By THOMAS A. REEDY
SAIGON, South Viet Nam (AP) — Truce talk pervaded the Vietnamese theater of war tonight, but the United States underscored its commitment to South Viet Nam by airlifting another brigade of U.S. troops into the jungle conflict.

The moratorium in the U.S. air war on North Viet Nam went into its sixth day, but the halt in the air attack still drew no public peace feeler from Hanoi.

The South Vietnamese government was reported ready to join the Viet Cong in proclaiming a cease-fire for the Vietnamese New Year next month. The United States entertained some doubts but was expected to concur in the truce.

Neither Washington nor Saigon saw the Communist offer of a truce on Tet, the lunar New Year festival Jan. 20-23, as a significant breakthrough toward peace. In the long guerrilla war, a military lull during the national holiday has become an annual ritual.

The Soviet news agency report said a "talk took place between the ambassador and Podgorny" but gave no details.

The meeting came amid a flurry of diplomatic activity over moves toward a truce in Viet Nam.

Riches Under The Sand

The death of the sheikh of Kuwait brings to mind, by a train of thought not as tortuous as it might at first seem, something Tom Sawyer once said to Huck Finn. Having told Huck an Arabian Knights story about an Arab who was hunting for treasure in the desert, Tom remarked that "the poor fool" didn't realize there was a treasure under his feet more valuable than diamonds. Tom's idea was that the sand should be bottled and sold. People would gladly pay, he thought, for a genuine specimen of sand from the Desert of Sahara.

Whatever may be thought of this idea, it later proved true that a vast treasure lay beneath the Arabian sands. The wealth it has amassed in Kuwait, a little state at the northern

end of the Persian Gulf, is almost beyond belief. Kuwait is now the world's second largest exporter of crude oil. Reserves are estimated at more than 60 million barrels, one-fourth of the free world's total.

The late sheikh of Kuwait did not use his enormous riches for extravagant follies, as some other Middle Eastern potentates have done. Free health care, education and social security are provided for all. There are no taxes except customs duties. Education is being greatly expanded, and a university is planned. All this is a memorial to a man who made good and honorable use of wealth that came to him through the lucky accident that a vast petroleum reservoir underlies Kuwait.

As Living Costs Rise

There are signs that the administration is getting quite nervous about the danger of inflation. Recent use of metal stockpile surpluses to thwart price boosts, coupled with official warnings that both labor and business are going to be watched lest they get out of line on prices and wages, bear this out.

The administration's fears have doubtless been heightened by the rise in the Labor Department's consumer price index. This shows that the cost of living rose another two-tenths of a per cent in October, and that the rate

of increase — 1.8 per cent since October 1964, as compared with 1.2 per cent annually in the previous five years — has stepped up.

Although officials shy away from any admission that this constitutes inflation, their comments suggest that the thought is very much in their minds. The assistant commissioner of the Bureau of Labor Statistics, Arnold Chase, said, "We're still all right, but it's very important that the rate not accelerate." That appears to sum up the situation, which demands and will receive a close watch in Washington.

Beefs About Letters From Home

By ANN LANDERS
Dear Ann Landers: Every college student away from home will thank you if you print this letter.

Mail is very important to us, and we know that it is important to our parents, too. But what do "they" write about? Here is a sample of a letter I received yesterday: "Aunt Edna had a pain in her side last night. She thought it was appendicitis but it passed over. Uncle Gordie brought us six dozen fresh eggs from his farm this morning. The eggs he brings us are very small and rather brownish in color. I like the white eggs best but he never brings us those. The bulb in the street light by our house burned out. I wonder how long it will take the city to notice it."

This is news? We appreciate any support you can give us. —TIED OF READING NOTHING.

Dear Nothing: So what do you want? The inside word from the Pentagon, the State Department and the White House?

A letter from home lets you know your folks are thinking about you. If your mother happens to be a Willa Cather, you're lucky, but most mothers are just ordinary people who write as best they can. So be grateful and quit beefing.

Dear Ann Landers: A neigh-

bor had surgery six weeks ago. It was nothing serious but she made a big thing of it.

This woman's doctor is a family man and well thought of in the community. His car has been parked in front of her house about three times a week ever since the operation. I wonder if this sort of attention is necessary. Most patients go to the doctor's office for post-operative check-ups, don't they?

I am not saying that anything is going on but I have discussed this with a few friends and it seems to us that these two are letting themselves in for a lot of unnecessary gossip. Should I talk to my neighbor and tell her she is injuring the doctor's reputation as well as her own? —PERSON WHO MEANS WELL

Dear Person: I'm all for cutting down on gossip and I suggest you start with yourself. Mind your own business and get your jollies some other way.

Dear Ann Landers: My husband and I have not gone anywhere by ourselves since 1961. We were married seven years before our twin sons were born and of course we were thrilled. But when a mother stays home with two active boys, night and day for three years, she gets over the thrill. At least "I" did.

My husband will not allow me to hire a sitter. He says people who have children should stay home or take their children with them. He is forever show-

ing me articles about kids who are delinquent because their parents didn't pay enough attention to them.

Please give me a hand before I wind up on the funny farm. —ON THE EDGE

Dear Edge: Parents need an occasional evening away from their children and the kids need it, too. (Once every two weeks is not too often.) If your boys don't learn to adjust to people outside the family they'll have difficulty when they start school.

Tell your husband for me that one extreme is as bad as the other.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

"Fill 'er Up!"

Washington U.S., Soviet Spar for Break To Gain Arms Superiority

By RAY CROMLEY
Washington Correspondent
Newspaper Enterprise Assn.
WASHINGTON (NEA)—Highly significant unpublished technical Pentagon studies conclude that regardless of the tremendous U.S. military superiority over the Soviet Union today, scientific breakthroughs by Russia in any one of four military areas could upset the "balance of power" — at least temporarily.

The first breakthrough possibility: An ability to disrupt "enemy" communications completely just before or during a war.

Both the United States and Russia are working all-out on this. The high-up explosion of large nuclear weapons is known to disrupt major communication nets temporarily over large areas. But there are other ways to black out or jam electronic nets.

In a smaller area, U.S. naval scientists report that as of right now, "communications in operating naval forces are susceptible to electronic countermeasures and may permit location of the force by enemy direction finders."

As one possible countermeasure, military research men are exploring the use of low-power directive transmissions to a communications satellite relay.

Second breakthrough possibility: An effective defense against Polaris-type submarines.

The United States has two big hopes here. Offensively, American scientists are trying to perfect equipment that will discover at long distances where the

large metal submarines are hiding by noting where they distort the earth's normal magnetic force lines.

Defensively, U.S. researchers want to discover ways in which American submarines can be built to cause weaker magnetic patterns.

The third breakthrough possibility: An adequate system of defense against intercontinental ballistic missiles.

So far as scientists here can tell, the United States and the Soviet are running neck-and-neck on this problem. The U.S. Nike-X is coming along but not perfected.

As a partial countermeasure, in case the Russians develop defenses (and to make their defense job more difficult even if they don't), the United States is now developing a short-range attack missile to be launched from aircraft.

Fourth breakthrough possibility: Russian ICBMs so accurate that hardened silos would not be adequate protection for unfired Minutemen.

U.S. military technicians think missile mobility is the answer to this one. They're studying these concepts:

A small ICBM, capsulated at the factory to be delivered to remote locations ready to set up quickly and fire.

Missiles attached to "long-endurance" planes able to stay in the air for three or four days at a stretch.

Orbiting missiles similar in concept to those in the recent Moscow parade.

Any Russian breakthroughs in these fields would be nullified, of course, if U.S. scientists get there first.

CIRCULAR ABBEY CHURCH

CRAWLEY, England (AP)—A start will be made next January on a new monastery and church for the Roman Catholic Benedictines at Worth Abbey, Crawley. The monastery, founded as a priory in 1933, was recently raised to the status of an abbey. The new church will be circular in form and accommodate 800 worshippers. There will be 60 cells for monks, each with its own balcony, in the adjoining monastery buildings. The monks at Worth Abbey run a boarding school for boys up to the age of 18.

The World Today

By FRANK CORMIER

AUSTIN, Tex. (AP) — President Johnson, a confirmed talker and normally an expansive host at Christmas time, has become the sphinx of the Pedernales this year.

In marked contrast to past performance, Johnson has side-stepped repeated opportunities to rub shoulders with the sizable press contingent here and to give them the benefit of his thinking.

Last year, for example, newsmen were invited to the LBJ Ranch three days out of four during the Christmas weekend for long, informal conversations with the President punctuated only by the distribution of unspiced eggnog.

Reporters traveled to the ranch area three days out of four this past weekend, too — once when the First Family was serenaded with Christmas carols at Johnson City and twice for church services. On none of these occasions, however, did Johnson invite the press corps to his home.

The usually loquacious chief executive limited himself to fleeting exchanges of "Hello" and "Merry Christmas" in greeting the newsmen who turned out.

This was so unlike the man that, quite naturally, speculation about the motives for his silence followed.

Most observers are agreed that Viet Nam has been responsible for the emergence of the now taciturn Johnson.

There have been guarded hints from some sources that the United States, in probing toward possible avenues for a peaceful settlement of the war, is involved in matters of such delicacy that any presidential statement would be ill-advised.

Thus there was no acknowledgment from the White House when a Christmas cease-fire was announced. There was only silence. And Johnson's acting press secretary, Joseph Laitin, took pains to claim the whole affair was outside the ken of the chief executive — that such matters were being handled in Saigon.

Although the cease-fire soon was fractured, American bombers did not return to the skies over North Viet Nam. Laitin, asked about this, again said it was a matter to be dealt with in Saigon.

One Texas newspaper, the Houston Post, summarized the situation in a banner headline: "Bombs Silent; White House, Too."

If no one at the White House was talking publicly, one source close to Johnson offered a possible explanation for the President's own silence: "He is silent because he is listening."

Presumably Johnson has been listening for any tremor of reaction from Communist capitals to what obviously has become a new American peace feeler.

In the past 36 hours, the total White House clatter on any word involving Viet Nam has begun to crack.

First came a disclosure that Johnson had received an indirect message from Pope Paul VI expressing pleasure at the Christmas cease-fire. Then it was announced that Johnson and Secretary of Defense Robert S. McNamara had been discussing Viet Nam, the cease-fire and related matters during lengthy meetings at the LBJ Ranch.

If the President believes silence is golden in the current situation, it is apparent he has reached the point where he wants to emphasize he is in touch with the situation.

But, then, no one ever seriously believed he had cut himself off from the march of events — silence or no silence.

James Marlow is on vacation.

THE DOCTOR SAYS

New Methods Hold Great

Promise for Pain Relief

By Wayne G. Brandstadt, M.D.

One of the most troublesome problems in medical practice is pain—not the pain of a tension headache or a sprained ankle but the unbearable pain of tic douloureux or inoperable cancer.

In the past, morphine or related drugs were given, sometimes as often as every two hours around the clock. This inevitably led to addiction.

The only alternative is to destroy the sensory nerves involved or the pain center in the brain. Destroying the sensory nerves has the disadvantage that the patient can no longer distinguish between hot and cold or feel a light touch or a prick in the area supplied by the nerve. And even the simplest form of brain surgery for the relief of pain has until recently been a major operation.

Lysergic acid dimethylamide (LSD) has been tried. Although a minute dose may relieve the pain for as long as 32 hours in contrast to only two hours with morphine, it causes temporary personality changes and most persons refuse a second dose.

Injections of alcohol, phenol or chlorocresol into the sheath surrounding the spinal cord have been used with some success, but more recently methods that show even greater promise have been devised.

Dr. John F. Mullan and his associates at the University of Chicago used a fluoroscope to guide a tiny needlelike tube to the spinal cord in the desired predetermined location.

The tube contains a mixture of radioactive strontium and yttrium. When left in place for 15 to 40 minutes the radiations kill the painful fibers and give relief for from one day to several weeks. No period of convalescence is required to recover from such an operation.

The same doctors have devised another technique. They insert an electric needle into the spinal cord and apply gentle electric impulses which kill the painful nerves without damaging the others in the area. This is done under a local anesthetic with the patient fully conscious.

Following this operation the patient can still feel the difference between hot and cold. The pain is relieved within 10 minutes and the relief lasts for about six months. When it returns, the operation can be done again.

Other measures for pain relief will be described in the next column.

American Menu Winter Calls for Soup, Snacks

CHICKEN WING SOUP heats up cold guests.

By GAYNOR MADDOX
Newspaper Enterprise Assn.

It's time now for a let-the-hostess-take-it-easy party or gathering after the movies, skating or the hockey game. Good hot soup is the big idea. It can be made in advance and heated just as the crowd knocks at the door while they stamp the snow off their boots.

Hot soup in plastic paper cups and finger snacks on attractive paper plates — that means no dishwashing afterward and no need for silverware. Squares of cheese with bread sticks, cherry tomatoes stuffed with seasoned cheese, tiny sandwiches, are a few snack suggestions. The soup should be strong and not too thick to drink from the plastic cups.

Chicken Wing Soup

(Serves 6)

- 1 lb. chicken wings
- 2 cups water
- 1 cup tomato juice
- 2 teaspoons salt
- 6 peppercorns
- 1/4 cup butter
- 1 cup finely chopped onion
- 1 cup finely chopped celery
- 2 tablespoons flour

Broth from chicken wings
1 cup half-and-half cream
Cook chicken wings in water and tomato juice with salt and peppercorns until tender, 20 to 30 minutes. Cool. Remove meat from bones and cut fine. Strain peppercorns from broth and reserve broth.

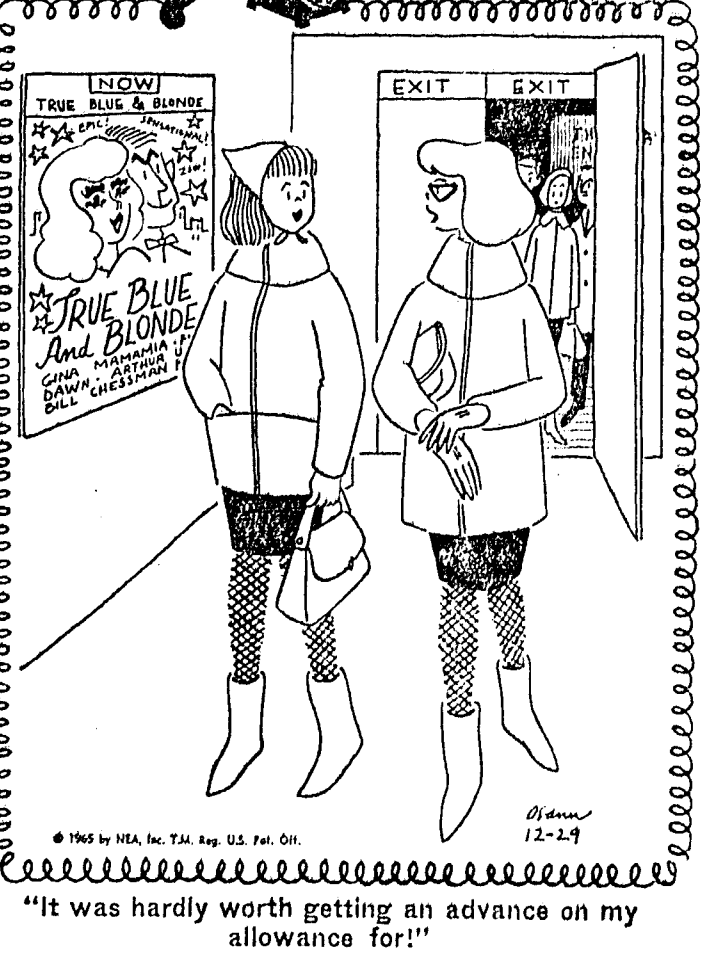

In a saucepan, heat butter. Add onion and celery and saute until tender but not browned. Stir in flour, chicken broth and half-and-half. Bring to a boil, stirring constantly. Add diced chicken. May be made in advance, refrigerated and reheated at serving time.

Timely Quotes

I felt my seat belt break, debris coming down on my back. I knew that this was the end. I was more or less in a state of shock. I looked up and I saw fire. —Capt. Elmer Weekley, one of four survivors of a Nov. 8 jetliner crash that killed 58 persons.

I want my freedom, if you don't mind. Don't think I'm alone. I'm going to be free one way or the other. —Henry Austin, a field officer for the Deacons for Defense and Justice, a Negro organization which offers protection against harassment by whites.

We, the Women

Dos and Dont's for a Happy Retirement

By RUTH MILLETT
Newspaper Enterprise Assn.

When a man is happy in retirement you can be pretty sure that he has a wife who—

Enjoys having him around and lets him know it.

Shares at least some of his hobbies and outdoor activities. Never complains that although he no longer has to go to work, she works just as hard as she ever did.

Is flexible enough to arrange her housekeeping schedule to fit in with her husband's plans—instead of trying to make him fit his plans to her housekeeping schedule.

Never nags him about anything.

Treats him with as much respect as she did when he went out every day to earn a living.

Doesn't keep him stirred up by worrying out loud about little things.

Doesn't talk about how she has to economize now that they are living on a fixed income.

Doesn't worry about his health or act as though she thinks that because he is old enough to be retired he is too old to do the things he has always enjoyed doing.

Brags about his efforts when he takes up a hobby such as gardening or woodworking.

Talks young, instead of old. Still knows how to make him feel that she couldn't get along without him.

—and takes it.

Doesn't show impatience when he puts.

Has the good sense and tact to say "I'm getting tired," instead of, "Don't you think you are overdoing?"

The banjo, which originated in North America, is the only modern stringed instrument of western origin that employs a stretched skin membrane as the soundboard or belly. Popularly the banjo among English-speaking peoples reached a climax in the last two decades of the 19th century when the number of strings became more or less standardized at five.

Quarry Worker Turns Scholar, Gets High Honor

BLOOMINGTON, Ind. (AP)—
William E. Constable worked
nine years in a big Indiana
limestone quarry.

He married Mary E. Dodd,
Bloomington, and they had
three children. He worked up to
the responsible job of estimator
for the Bloomington Limestone
Co.

"I finally decided my life was
a waste and I decided to get
busy and do something with it,"
Constable said.

What he did was enroll in In-
diana University while contin-
uing to work eight hours a day.

He was selected Tuesday for
Phi Beta Kappa scholastic so-
ciety with a cumulative grade
average of 3.95 of a possible all-
A average of 4. He will be grad-
uated next August with a bach-
elor's degree in government
after five years of double duty.

Then Constable, 35, plans to
enter law school.

He has become one of the uni-
versity's top students while
sleeping five to six hours a night
and skipping lunches.

"I schedule my classes
around my job and if necessary
my job around my classes," he
says.

Most of his courses are in the
early morning, during the noon
hour, and in the evening.

All this was only possible, he
adds, because of cooperation by
his employer, his wife and their
children, girls 13 and one year
old and a son, 10.

the service in a group.

Burial was in Memorial Lawn
cemetery.

PAIR FINED ON CONDUCT CHARGES IN BEARDSTOWN

BEARDSTOWN — Frank
Durrell and John Fritz were
fined on charges of disorderly
conduct when arraigned Friday
in circuit court before Judge
Fred Reither.

Durrell was fined \$100 and
costs after testimony was
taken from police officers and
a waitress, Roberta Long, of
the Southern Air cafe.

They said Durrell and Fritz
had "invited" the officers to
fight after they had been called
to stop an argument.

Judge Reither also heard a
number of civil suits and made
decisions on small claims cases.

Members of the Junior Cham-
ber of Commerce distributed 51

Polly's Pointers
This Sweater's
in the Bag

By POLLY CRAMER
Newspaper Enterprise Assn.
DEAR POLLY — A beautiful
pocketbook can be made from
a discarded sweater. Cut off the
sleeves and lay them aside for
awhile. Seam the back and the
front of the sweater just below
the neck. The shape is now
square. Sew in lining or a stiff-
ening material, fold the sweat-
er in half, according to your
taste or depending on the size
of the sweater. The sleeves can
be used to make pockets for the
outside, arranged in an inter-
esting fashion, or even inside if
you prefer. Sew around the
open end of the bag, sew in a
zipper, and for handles use a
chain from a bag. —
MRS. M. B.

GIRLS — I was as intrigued
with this idea as I was with
one, a few years ago, for mak-
ing sweaters from old nylon
hose.

Mrs. M. B.'s letter was not
completely clear to me but this
is the way I worked it out. Both
sides of a slipover sweater
might be usable but only the
back of a cardigan.

Before cutting out the bag-
shape, be sure to mark the out-
line with straight pins or chalk.
Stitch, on the sewing machine,
a bit beyond the line so the
knitting does not ravel. Be sure
to do this before cutting. Lining
is imperative as it bears the
strain and weight of things put
in the bag. Such weight or knit-
ting alone would cause it to
stretch and sag out of shape.
A casing, put in at the top so a
small dowel stick could run
through it, would help hold the
bag in shape at the top. Some
of you may have tops, saved
from other bags, that have
holes in the frame so the bag
could be sewed at the top.

I have one such tortoise top
that has been used over a pe-
riod of years for many bags.
The idea would be very good
for a knitting bag and a nice
big one could be made from a
big man's sweater. Mono-
grams cut from felt or wool
flowers could attractively de-
corate the outside of such a bag
whether it be a purse or knit-
ting bag. —POLLY

DEAR POLLY — When I am
sitting under the dryer at the
beauty shop I always have with
me a small container of mois-
turizing cream which I dab
around my eyes to prevent
dryness. Also, when I travel I
take this small container of
cream to keep my skin from
becoming dry. You would never
guess my age. —DORIS

Hopeful About 1966

Has Good Year In '65 Petroleum Industry

By MAX B. SKELTON
HOUSTON, Tex. (AP)—Higher crude oil output, earnings and products prices made 1965 a good year for the petroleum industry. And oilmen are hopeful about the coming year.

Products prices that had been affected several years by over supply conditions rose in most areas in 1965. By December they were about 2.5 per cent above year-earlier averages.

Most earnings reports ranged from 7 to 18 per cent above 1964.

Demand for crude oil and petroleum products was at a record high, and the industry was producing and refining more crude than ever before.

During the year the industry saw a sharp slump in drilling operations, both for exploratory and development wells.

Some oilmen also expressed concern over the amount of foreign oil being brought into the United States.

The old controversy over federal control of wellhead prices of natural gas sold into interstate commerce also entered another chapter at year-end. Most of the major producers affected challenged in federal court the Permian Basin area prices formally established by the Federal Power Commission.

The gas producers contended the Permian price pattern the FPC proposes to apply to 22 other major producing areas

does not permit sufficient return on investments to encourage explorations for new gas reserves.

J. Ed. Warren, the 1964-1965 chairman of the American Petroleum Institute, said the industry neared the end of 1965 on sounder footing than it had been in years.

"It has moved into a new era of meaningful growth evidenced by an anticipated four per cent gain in demand for all of 1965," said Warren, who retires Jan. 1 as chief executive officer of the Cities Service Co.

Products prices in early December were averaging \$3.88 a barrel, about 10 cents above the year earlier level. Crude price averages were steady at \$2.96 per barrel.

Domestic crude production in late November exceeded 8 million barrels a day for the first time in history. The 1965 average was expected to approximate 7,750,000 barrels daily, compared to a record 7,657,000 in 1964.

MT. STERLING CWF BOARD TO MEET THURSDAY, DEC. 30

MT. STERLING — The executive board of the CWF of the local Christian church will meet at 7:30 p.m. Thursday evening, Dec. 30, at the home of Mrs. Charlene Daniels.

Rev. and Mrs. Vel Luse and children of Sullivan visited overnight in the Ed Roberts home here. The Luse family was enroute to Centerville, Iowa for a visit with her mother during the holidays.

Mr. and Mrs. James Garrett and three children of Columbus, Ind., visited with her parents, Mr. and Mrs. Parke Rounds here. Mr. Garrett returned home Tuesday. Other members of the family will remain until after the New Year holiday.

Time Well Spent In Men's Posh Salon

By JAY BOWLES
NASHVILLE, Tenn. (AP)—As usual, I was about two weeks late in getting a haircut. And, as usual, some fellow worker wise-cracked that I might as well go to a beauty parlor and get it set. I did the next best thing. I went to a men's hair salon.

Two hours later, I had some compassion for the distaff population. My hair had indeed been styled—and I had gone through a shampoo, sat under a dryer and been topped with hair spray in the process.

But you can bet your scissors and razors—no electric clippers, please—that I got my \$7 worth—which is the shop fee.

One step across the marble foyer puts the work-a-day world far away indeed. You step on the plush carpet, hand your coat to an attendant—together with your shoes for a shine—and settle back in a velvet-backed oak chair to await your turn.

Then, into the thick of things, where Sue Hinds—a graduate of both beauty and barber schools—holds a razor in wait. After Sue expertly whisks the sharp instrument around your head, trying a few new styles in the process, it's on to the shampoo couch. Then to the dryer. And finally back to go, where your hair style is finally perfected.

Do men feel self-conscious about sitting under a hair dryer? Not by the hair on your chinny-chin-chin.

"Nobody feels any complex sitting under the dryer because, Buddy, everybody goes under here," says co-owner Tim Bishop.

What do they say about the hair spray?

"Nothing. As a matter of fact, many men confide they've been using their wives' spray for years."

The shop, says Bishop, operates successfully on the "snob appeal" associated with it. Substantial businessmen, and some prominent recording artists, are numbered among the customers.

Bishop, who has been in the

business of styling women's hair for 18 years, has definite tenets by which he feels every male head of hair ought to live.

"First, a man should have hair on his head. Period. No man should walk the streets with his skin in the wind. Secondly—and of almost equal importance—no grease. Period. No hair oil. Period. Wash the hair every third day, at least. Grease and oils on the hair collect dust like a magnet, attracting dandruff like nothing else."

Hal Boyle is ill.

In Hollywood

By BOB THOMAS
AP Movie-Television Writer
HOLLYWOOD (AP) — This was the year when Hollywood's royalty met England's, when two milms named "Harlow" were playing the theaters, and when Lana Turner married for the sixth time.

It was quite a year.

Few years in Hollywood's recent history have brought such a varied budget of news as has 1965. As the year wanes, it is time once more to weigh the events and trends that seemed most important to this reporter. Here they are:

1. The death of Nat King Cole. The world knew that the singer had been stricken with cancer,

but his death Feb. 15 nevertheless was a shock to millions who enjoyed his mellow style.

2. The struggle for life of Patricia Neal. The Academy Award actress ("Hud," 1963) suffered three massive strokes as she was beginning a movie here, and her chances for survival seemed paper thin. Incredibly, she recovered, and was predicting a return to her career as soon as she conquered the after-effects of the strokes.

3. Julie Andrews' Oscar. What gave her triumph in "Mary Poppins" a delicious flavor was the fact that she won after being overlooked for "My Fair Lady."

4. Dorothy Malone's illness. Again it was a triumph of medical skill as the star of television's "Peyton Place" held onto life after being stricken with blood clots in her lungs. Five weeks after her ordeal, she was sufficiently recovered to return to work.

5. Marriage and fatherhood of Cary Grant. The suave actor, married to actress Dyan Cannon, was cast as a future father in one of the more delightful turns of events in 1965.

6. Passing of the Old Guard. The year brought another toll of movie pioneers, including Jeanette MacDonald, Stan Laurel, Clara Bow, David O. Selznick and Mae Murray.

7. The Frank Sinatra-Mia Farrow romance. As the legendary singer passed the 50-year mark, his steady date was the winsome star of "Peyton Place," 30 years his junior.

Business Mirror

By SAM DAWSON
AP Business News Analyst
NEW YORK (AP)—American business is on a capital spending spree that shows every sign of continuing far into the new year.

Peace scares and war scares may cause tremors now and then in the stock market. But the less emotional planners of the course of industry in the months ahead tend to shrug them off.

Orders for machine tools—a symbol of business expansion and modernization—are pouring in at a rate unequalled since the Korean War.

New orders for steel products from construction companies, the railroad equipment industry and auto makers are picking up in recent days as the mills close out their biggest year ever.

Most machine tool makers and steel executives see little chance of order cancellations changing their prospects for increasing prosperity in the months just ahead.

Order backlogs for metal-cutting machines took a big jump in November and now require 7.9 months of operations, highest since May 1956. Backlogs for metal-forming machines soared to 10.6 months.

The National Machine Tool Builders Association says orders for both kinds of equipment totaled \$1.3 billion in the first 11 months of the year, against \$1.2 billion the previous year.

Some machine tool makers are saying that at the rate new orders are coming in 1966 could top 1965 by 10 per cent.

The boom to expand industry's capacity by constructing new plants or buying newer equipment for old factories has been gaining strength since summer. Part of this has been due to the belief in corporate boardrooms that industrial activity is bound to increase next year, even without further military stimulation. Part is belief that such military stimulation is inevitable and likely to increase.

But part also is due to the momentum of the nearly five years of prosperity which has used up much of the idle industrial capacity and is now putting a strain on facilities in some industries. This calls for new plants and equipment to meet the demands that 1966 is expected to provide.

Though beaten by Syracuse, Navy held the Orange star, Floyd Little, to 65 yards rushing in the opening game this fall.

**Study School
Building Plan
At Arenzville**

ARENZVILLE — The Board of Education of Community Unit School District No. 27 met Dec. 15 at the School Board office following luncheon at the Concord Grade School lunchroom. All members of the board were present, as were the superintendent, Leland Schnake, and the unit secretary, Mrs. Bischoff.

The board examined reports from Horn and Associates, architectural firm of Quincy, on proposals and expense estimates for three building and/or renovating propositions. The board had requested these reports to compare with the cost estimates for work necessary on the Unit 27 buildings to meet the requirements of the Illinois Safety Code. The three proposals examined were: a complete new unit school, K-12; a new junior-senior high school, with renovation of the Arenzville and Chapin grade schools; renovation of all present buildings. The board proposed to meet with the architects to further study the three plans after Jan. 1.

The Board granted authorization for the superintendent to make application for a project in the area of remedial reading for Unit No. 27 under the elementary and secondary education Act. Funds are available from the federal government to pay for all costs of approved projects.

Approval was given for participation in NDEA projects in the areas of science, mathematics, social science, English and literature, and foreign language. Federal funds give partial reimbursement for equipment and enrichment books purchased through approved NDEA projects for individual schools.

Mid-term bus inspections have been scheduled for Dec. 29 at Tillitt Motor Co. in Beardstown. The board members discussed the meeting they had attended recently in Beardstown in regard to possible plans to form a Junior College District in this area. The matter was tabled for future consideration.

John Dufelmeier, delegate to

the Illinois Ass'n of School Boards annual meeting held recently in Chicago, reported on events at the convention. Mr. Dufelmeier attended the convention in place of Charles Williams who was unable to go because of illness. Mr. Schnake added a few remarks about sessions which he attended at the meeting.

The Board authorized seeking bids for a new school bus for the coming year.

The resignation of Dianne C. White as a teacher in Unit No. 27 was accepted, effective Dec. 29, 1965, the end of the current school month.

**Miss Hembrough
Of Greenfield
December Bride**

GREENFIELD — Miss Brenda Jean Hembrough became the bride of Roger Gross of Jerseyville Saturday Dec. 18, at the Rockbridge Methodist church. Rev. Roy Doll received the vows in a double ring ceremony before an altar banked with palms, ferns and baskets of white mums and gladioli.

Ben Strode of Carlinville was organist and Mrs. Jerome Ruble was vocalist.

The bride is the only daughter of Mr. and Mrs. William Hembrough and the groom is the son of Mr. and Mrs. Carl Gross of Jerseyville. Miss Margie Sausley attended the bride as maid of honor and Robert Gross of Jerseyville, served his twin brother as best man.

Ushers were Dick Campbell, Jerseyville and Bill Varble of Alton. The bride, given in marriage by her father, wore a gown of white silk brocade.

Her three tier veil of silk illusion was secured by a cluster of orange blossoms accented with pearls. She carried a cascade bouquet of white roses centered with a white orchid.

Her attendant's gown was floor length garnet velvet and white crepe. A cluster of garnet flowers held her short veil of matching net and she carried a garnet muff decorated with white gladioli.

A reception and wedding dance was held at the Legion Hall in Jerseyville following the ceremony. Serving at the refreshment table were Pat Whitaker, Roma, Mary Hudson, Dianne Metcalf, Pat Paxton and Pat Campbell. Barbara Bowman was in charge of the guest book.

Mrs. Gross is a 1965 graduate of the Greenfield high school. The bridegroom graduated from Jerseyville high school and is a member of the U. S. Air Force stationed at Ellsworth A.F.B. So. Dakota.

Father starts today's discussion by asking Jim: "You played a lot of duplicate this year. What was your silliest hand?"

Jim: "I have one that is really outstanding. I am not sure about the reason for my two-club bid but it certainly worked out."

Oswald: "Just looking at your opponent's bidding, I would say that the hand really qualifies as one of the silliest on record. West had enough high cards for a double but you should not make a takeout double of a heart bid with a void spade suit. Then East's failure to double one spade or to bid some number of clubs is almost beyond belief. How many tricks did you go down?"

Jim: "The play is incredible. I wasn't set. I made two overtricks. I won the heart lead in dummy and played a spade. East rose with the ace and West discarded the nine of diamonds. East led the jack of diamonds. I covered with the queen, whereupon West took his ace and played ace and a small heart. I drew trumps and claimed the rest of the tricks."

Oswald: "Your two-club psychic certainly paid off but I hope its success won't cause you to try more psychics."

Jim: "It won't. I still have not told you the really silly feature of the hand. Normal defense would hold me to four heart tricks and one diamond trick. Therefore East and West dropped five tricks in the play. We scored plus 670 instead of minus 500, but it didn't make a bit of difference in our match point score. Every other East-West pair played and made a club game or slam so that minus 500 would have been the same top that plus 670 was."

North Forty Stable's Sadair was a supplementary entry in the 1964 Pimlico Futurity. It cost \$7,500 to make him eligible and it was a wise investment. Sadair won the race and earned a purse of \$110,912.

CARD Sense

Q—The bidding has been:
West North East South
Pass 3 ♠ Pass 1 ♠
Pass 5 ♠ Pass 4 N.T.
Pass 6 ♠ Pass ?
You, South, hold:
♠ A K 10 9 4 ♣ A K 10 9 4 ♦ K 5 ♣ 2
What do you do?
A—Bid seven spades. You don't need to find a king in your partner's hand and the fact that he does not hold one makes it very highly probable that he has really excellent trumps for you.

TODAY'S QUESTION
Instead of responding three spades, your partner responds two no-trump. What do you do now?

Says North Viet Regime Split On Truce Talks

HONG KONG (AP)—A weekly magazine quotes an unidentified senior member of the International Control Commission for Indochina as saying Communist North Viet Nam's government is split on the question of opening cease-fire negotiations with Saigon and Washington.

The diplomat, who shuttles between Saigon and Hanoi every month, was quoted by the Far Eastern Economic Review as saying President Ho Chi Minh of North Viet Nam is considering negotiations but is strongly opposed by a faction backed by Red China. This faction is pictured as demanding more North Vietnamese regular troops for the war in the South.

The International Control Commission is made up of members from India, Canada and Poland. A senior member would be head of its delegation. The commission was established by the Geneva conference of 1954 to supervise terms of that agreement which drew a demarcation line between North and South Viet Nam.

Voters

(Continued From Page One)

an named Phoebe Herweg challenged population discrepancies in the city's eight wards. The City Council was elected on an at-large basis this year. Then U.S. Dist. Judge W. D. Murray handed down an order which equalized the eight wards so that the smallest has only 95 fewer voters than the largest.

Next year, county precincts and school district precincts are to be realigned to conform with Butte's new apportionment.

—Rutherford County, Tenn. Sixteen citizens have filed suit in U.S. District Court seeking reapportionment of the school commission. Charging "invidious geographic discrimination," the suit says voter population in the county's school zones ranges from 455 in the smallest to 10,110 in the largest.

Reapportionment demands have been aimed, as well, at the Washington County Court by people in Johnson City, Tenn., and at the Coffee County Court by the Bar Association in Tullahoma, Tenn.

—Tulsa County, Okla. Here, a new apportionment designed to equalize population in county commissioner districts went into effect Dec. 20 after a long political feud.

Reapportionment came in Comanche County, Okla., after a State District Court ruling, and in Washington County when a suit was threatened.

—Jackson County, Mo. Kansas City Mayor Ius W. Davis, and Della Hadley of the League of Women Voters filed suit seeking reapportionment of two County Court (commission) districts.

The reapportionment they seek would give Kansas City a far stronger voice in county government. They said the eastern district, which includes the city, has 440,379 people; the eastern district 182,361.

—South Bend, Ind. The City Council, controlled by Republicans, is arguing about reapportionment now. State Sen. Leonard Opperman, a Democrat, said legislation to require population balance within 10 per cent may be filed at the next General Assembly session, in 1967. He said it would apply to city and county councils, and to county boards of commissioners.

—Suffolk County, N.Y. A three-judge federal court has ruled invalid a system allowing each of the county's 10 towns to choose one county supervisor. The towns range in population from 1,312 to 173,000.

The Democratic-controlled state legislature passed a bill to require that county boards be reapportioned on a population basis. Republican Gov. Nelson A. Rockefeller vetoed it. His chief complaint was a provision prohibiting the submission of county reapportionment plans to the voters for a final decision.

Republicans now control 51 of the 57 county boards outside New York City.

—Monroe County, N.Y. A new charter, adopted Nov. 2, substitutes a county legislature, apportioned on a population basis, for the board of supervisors. The county includes Rochester, Juneau, Alaska. The city filed a court challenge against the weighted vote system used in the Greater Juneau Borough Assembly. The suit also challenged the legality of an assembly in which rural members outnumber the city's representatives. "As things now stand," said City Atty. Joseph Henri, "the city cannot comply with the constitutional requirement of one person-one vote, and one legislator-one vote."

—Virginia Beach and Chesapeake, Va. Both must seek reapportionment of City Council representation at the next session of the state legislature, or face a court order to hold elections at large.

U.S. dist. judge Walter E. Hoffman issued that ruling Dec. 7.

—Harrison County, Miss. Four taxpayers have filed suit seeking reapportionment of supervisory districts. They now are apportioned on the basis of area as well as population. The suit charges unequal population.

—Baltimore, Md. The City Council is working on a reapportionment plan to satisfy a court order. One proposed plan has been ruled invalid because it was based on voter registration instead of total population.

NEW YORK STOCK MARKET

NEW YORK (AP)—The stock market advance weakened somewhat in moderate trading late this afternoon.

Volume for the day was estimated at 7.1 million shares, compared with 7.28 million Tuesday.

Here was the picture near the close:

Changes of most key issues were fractional but some ranged to a point or more.

The rails were strong with New York Central and Pennsylvania Railroad gaining about 2 points on a Wall Street Journal report—later denied—that the Interstate Commerce Commission had approved their proposed merger.

The airlines, which had been leaders in early trading, faded although United held a gain of more than 2 points.

The aircrafts, which had been weak on news of further truce moves in Viet Nam, recovered and Boeing advanced nearly 3 points. General Dynamics, down about 2 points at one stage, bounced back for a gain of more than a point.

RCA held a gain of a point on a report of record sales and earnings for 1965.

Brunswick, up nearly a point, appeared headed for the top of the most active list.

Chicago & North Western spurred 5 points.

Du Pont helped the averages with a gain of more than 3 points.

Motorola posted a gain of 5 points.

Prices advanced in active trading on the American Stock Exchange.

Corporate bonds were mixed and Treasuries were unchanged to lower.

Officer's Suit Against Time To Be Retried

CHICAGO (AP) — A police captain's "bel suit" against Time, Inc., has been sent back to U.S. District Court for the second time by the 7th U.S. Circuit Court of Appeals.

The court ordered Tuesday that the suit by Capt. Frank Pape, charging that Time published a false account of his role in a raid on the home of a West Side Negro family in 1958, be brought to trial in U.S. District Court.

The suit is over an article entitled "Civil Rights — Dawdling on the Corner" which appeared in Time's issue of Nov. 24, 1961. The article reviewed the 1961 report of the U.S. Civil Rights Commission, and, in describing the arrest of James Monroe, recounted Monroe's accusations against Pape and other policemen of brutality.

Pape's libel suit has been dismissed twice in U.S. District Court. The last time in December 1964, but each time Pape appealed and the appellate court sent the case back.

In Tuesday's ruling, the appeals court said that Time was "at least negligent in reporting as established facts matters and events which the commission report stated were mere allegations in a complaint."

VC Declarations Seldom Coincide With The Facts

By WILLIAM L. RYAN
AP Special Correspondent

One-sided Viet Cong declarations of cease-fires for the lunar New Year are virtually annual affairs and have shown no connection with genuine peaceful intentions on the part of the Communists in Viet Nam. Experience indicates that the cease-fire is part of psychological and political warfare designed to strike fear in the South Vietnamese and U.S. rear.

The Viet Cong promise of four days of cease-fire Jan. 20-23, along with other developments, likely will breathe a new spark of life into the ashes of hopes for a lasting truce and negotiations.

Frangible Hopes

But the hopes remain fragile. In view of the lull in U.S. bombing operations against North Viet Nam and the sharply stepped-up Soviet interest in the conflict, the Viet Cong themselves may be preparing to sabotage any effort to bring about truce talks.

The cease-fire for Tet — as the lunar New Year is called in Viet Nam — can be a form of

VC Declarations Seldom Coincide With The Facts

psychological weapon. It demonstrates to the South Vietnamese that the Viet Cong has the power to offer them a rest, give them a brief taste of what peace might be like.

The last Tet cease-fire continued seven days. Then, as now, the Viet Cong announced it would not attack troops of the Saigon government, not mentioning the Americans. For the whole week there was little activity.

That cease-fire period — the lunar New Year was later — ended Feb. 7. That day Viet Cong forces suddenly mounted coordinated attacks on U.S. installations at Pleiku, 240 miles north of Saigon, killing eight Americans and wounding more than 100.

Retaliation

That development spurred the United States into retaliatory bombings of North Viet Nam, and it marked the beginning of a massive U.S. buildup. There were 23,000 Americans on hand then. Today the figure is approaching 200,000.

That 1965 attack, signaling the

Viet Nam

was given as 937 killed and 137 wounded or captured.

Despite the air lull in the North, the air war in the South continued unabated.

Strike pilots reported destroying 388 buildings, damaging 365 others and sinking nine sampans.

Navy planes from the carriers Ticonderoga, Hancock and Enterprise flew 131 sorties and claimed 80 structures destroyed, one automatic weapons site knocked out and two damaged.

The Viet Cong made widely scattered attacks.

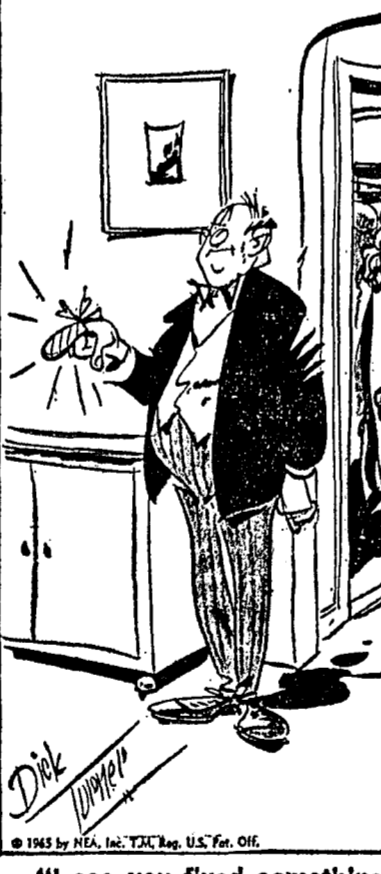

They blew three bridges in the Quang Ngai area, 330 miles northeast of Saigon, and overran a Vietnamese district capital headquarters at Minh Long, 15 miles southwest of Quang Ngai City. Air observation reported the capital post deserted but some outposts still fighting it out. Tactical planes flew 34 sorties against the attackers up to midafternoon.

A militia squad was badly hurt in Vinh Long Province, 80 miles southwest of Saigon, when the Viet Cong overran its outpost.

The National Liberation Front's underground radio broadcast the Viet Cong's Tet truce offer Tuesday night, saying the guerrillas had "decided to stop attacking the puppet armed forces and government" from 11:01 p.m. Jan. 19 to 11

Case thus lined up with neighboring Sen. Robert F. Kennedy, D-N.Y., who said recently that Viet Nam costs must not be permitted to delay or diminish domestic programs. But it was obvious Case was not in tune with Republican leadership thinking.

Dirksen declined in a telephone interview to comment on Case's stand. But he made it clear he believes something has to be done when it comes to balancing off domestic expenditures with the mounting costs in Viet Nam.

"This is one of the big headaches the President has," Dirksen said. "He is probably going to have to take the \$100-billion lid off his new budget. To keep expenditures in balance, he is going to have to cut somewhere and he certainly can't cut on the war."

"When you are in a war you extricate yourself the best way you can, honorably. Short of giving up and pulling out, which would be unthinkable, we are going to have to put into South Viet Nam whatever is necessary. We've got to fight the war first and hold down domestic expenditures."

On the Democratic side of the fence, Sen. John McClellan of Arkansas called for a moratorium on new federal spending programs because of the war. In a speech Tuesday at North Little Rock, Ark., he said "we've got to decide where to retrench."

gram calling for a Communist takeover of the South.

The administration authority cited 14 points which have been put forward publicly by the U.S. government over the past months. He said the United States has made it plain that it:

1. Would agree to the provisions of the 1954 and 1962 Geneva conferences concerning Southeast Asia.
2. Would welcome a conference on Southeast Asia or any part of it.
3. Would accept the proposal by 17 nonaligned nations for negotiations without preconditions.
4. Would enter into unconditional discussions.
5. Is not insisting on a particular order for the items discussed.
6. Would discuss Hanoi's four points along with other items.
7. Wants no bases in Southeast Asia.
8. Does not seek a continued U.S. military presence in South Viet Nam.
9. Supports free elections in South Viet Nam.
10. Favors settlement of the question of reunification of Viet Nam through the free will of the people concerned.
11. Would allow the Southeast Asian people to be neutral, if that is their option, rather than allies of the United States.
12. Would prefer to use its resources for economic and social reconstruction of Southeast Asia, rather than in the military effort, and with peace North Viet Nam could take part in this, too.
13. Does not think the problem of representation for the Viet Cong at the negotiating table would be an insurmountable one.
14. Wants to hear from Hanoi what the Communists will do if the bombing of North Viet Nam stops.

ALL GRAINS FEEL SELLING PRESSURE

CHICAGO (AP) — All commodities came under mild selling pressure and eased slightly today on the grain futures market.

Losses generally were limited to small fractions but soybeans slipped about a cent a bushel in spots.

Brokers said the trade was well mixed and seemed to include a good deal of balancing of commitments for the year-end. Actual market factors, they said, were scarce and minor.

TO SELL LICENSE PLATES

SPRINGFIELD, Ill. (AP) — Springfield and Chicago outlets will sell Illinois motor vehicle license plates over the counter Friday, Secretary of State Paul Powell, said Tuesday, although other divisions of his office will close because of New Year's Eve.

The talks almost broke off completely Tuesday, sources said, but Secretary of Labor W. Willard Wirtz stepped in and talked with the negotiators for two hours.

Simkin then announced the resumption of negotiations today after giving both sides all night "to reappraise their positions."

Secretary of the Army Stanley R. Resor said it was imperative that production at the Illinois plant be resumed.

The Olin Mathieson plant produces the powder for all U.S. firms that manufacture bullets for the new M16 lightweight rifle, the standard M14 rifle, M60 machine guns, tracer bullets and 20mm shells used in Viet Nam, the Army said.

While Simkin said Johnson had not officially intervened in the talks, there were indications that Wirtz' sudden appearance in the negotiations followed conferences with the White House.

Machinists' and Olin Mathieson negotiators four times previously reached agreement, but union members voted it down. The talks were called here Monday after the latest rejection.

Some 4,200 workers are involved in the strike, 3,800 of them machinists. Two other unions — the AFL-CIO International Brotherhood of Electrical Workers and the independent Western Employes Trade Council — with a total of less than 600 members are also on strike. Simkin said there was reason to believe they would settle quickly once the machinists reached agreement.

Workers at the plant now average \$2.78 per hour. The last rejected offer reportedly was worth about 34 cents an hour more.

Snow Delays Search For Missing Girl

ROCKFORD, Ill. (AP)—Authorities are waiting for snow to melt in the Rockford area to continue the search for Susan Brady, 11, who has been missing since Dec. 20.

Capt. Herb Brown of the Winnebago County sheriff's office said Tuesday a planned search of drain tiles and culverts in the area was hampered by a moderately heavy snowfall over the weekend.

An apparent crank telephone call to the girl's parents, Mr. and Mrs. James Brady brought a promise by Brady's Atty. William R. Nash that any such calls that can be traced "will be prosecuted to the full extent of the law."

The family got a collect call from Bedford, Ind., by a man who identified himself as "Wakefield" and told the distraught parents their daughter was alive and that he would call again with more information. No other call came and police were unable to trace the call or to find a trace of the girl or anyone named Wakefield in Bedford.

Susan, whose father is a reporter-photographer for the Rockford Labor News, was last seen four blocks from her home after she left the home of a classmate after school.

A \$3,000 reward for information about the girl is being offered.

Edward Jankowski, circulation manager of the Dixon Evening Telegraph and a former neighbor of the Bradys, has offered to serve as a clearing house for information about the missing girl.

He lives in Franklin Grove Road, Dixon, and his telephone number is 815-288-1259.

Jacksonville Rally Nets 61-47 Victory

CARBONDALE—Ron Coleman and Rich Coble led a brilliant second-half rally as Jacksonville came from ten points behind at halftime to knock off Marion, 61-47, in the consolation bracket of the second annual Carbondale Tournament, here Tuesday afternoon.

The victory over the tournament's previously second-ranked team, puts the Crimsons in another consolation bracket contest, against the winner of the Sparta-Canton tilt which was played late Tuesday night. The Jacks play at 10:30 a.m. Wednesday.

JHS showed a complete reversal of their first half against Marion and their opening 77-44 loss to Olney with a blazing second half sparked by the inspired play of Coleman and Coble.

The Crimsons, down 33-23 at intermission Tuesday, outscored Marion 38-14 in the second half. Coleman, who upped his two-game total to 49 points, dumped in 17 points in the second half enroute to a 27-point effort, second high in the tournament to date.

Jacksonville shot an icy 20% in the first half while Marion canned 47% of their attempts in the opening two quarters. In the decisive second half the Crimsons canned 57% of their tries for a game average of 35%, while the losers hit only five of 29 tries in the second half for a game rate of 30%.

The shorter Crimsons outscored Marion, 39-30, and committed 14 turnovers to 13 by Marion.

Jacks Fall Behind
JHS fell behind 17-13 at the first break, after leading 8-3 early in the quarter. Marion upped their lead to ten points late in the second frame, with hot-shooting guard Greg Starrick hitting from distance. The Crimsons trailed 33-23 at the halftime break.

After Marion upped the lead to 12 on an early bucket by Starrick to open the second half, Coleman and Coble hit from the corners to start the Crimsons rally.

Coleman stole the ball for a layup and Coble hit another corner shot to pull the Jacks within 37-32 with four minutes left in the third period.

The two combined for the final nine points of the frame and quickly shot the Crimsons into a 43-41 advantage to enter the final eight minutes. Coleman hit 11 and Coble nine in the quarter for all the JHS points.

Abe Brown canned two from the top of the key and Duane Hess drove through the middle for a pair to quickly up the difference to 51-43 in the first three minutes of the closing

chapter.
After Marion got within seven, Coleman hit two of two charity throws and quickly added a two-pointer for a 55-44 margin that was not threatened in the closing minutes.

Illini Fall In Closing :03, 81-79

NEW YORK (AP) — Bill Blair's tap-in of Jim Walker's missed shot with three seconds to play gave Providence an 81-79 triumph over Illinois Tuesday night and put the Friars into the final against Boston College in the Holiday Festival Basketball Tournament.

Boston, fired by John Austin's clutch scoring, defeated Army 92-85 in the opener of the semifinal consolation twin bill, Villanova downed Colorado State U. 68-57 and Georgetown nipped New York University 88-87. The championship game will be played Thursday night.

Illinois led for 10 minutes in the last part of the second half, but 10th ranked Providence, now 7-1, came back behind the all-around play of Walker.

Walker's driving layup cut Illinois' lead to 79-77 with about two minutes to go. Then Jim Benedict stole the ball from the Illini's Rich Jones near midcourt and fired to Blair, who tied the game on a layup with 1:22 left.

After Illinois missed a shot, Providence took the ball with 1:12 to go and held it until Walker tried a jump shot. The ball bounced off the rim, but Blair leaped high and tapped it in for the winning points.

Pittsfield Nips Triopia 50-47 In Tournament

PITTSFIELD — Host Pittsfield came from the final 20 seconds to nip Triopia, 50-47, while Warsaw outlasted Northwestern of Sciota in the second round of the Pittsfield Round Robin Tournament, here Tuesday evening.

Trailing by 47-46 with 20 seconds left, Pittsfield went on top 46-47 on a clutch bucket by Jim Grote. After Triopia missed their shot, Pittsfield's Dan Butler hit both of two free tosses to ice the contest with five seconds remaining.

Triopia led 14-13 and 24-23 at the first two stopping points of the closely-matched contest. The Trojans upped their margin to six points entering the final eight minutes before the Saukees started their winning rally.

The winners shot 35% to the losers' 38% rate.

Grote and Jay Shaw led the winners with 12 and 11 respectively, while Jim Paul and Randy Schone added 14 and 11.

Triopia suffered its second loss of the season, both to Pittsfield.

Warsaw overcame a nine-point deficit at halftime to nip Northwestern at the wire, rallying behind Dan Lucey's 23 points.

The first game tonight will have Warsaw meeting Triopia with Pittsfield and Northwestern to play at 8 p.m. The team with the best record after this evening's play will be the champion.

OUTSIDE LOOKING IN: Routt's Donnie Fernandez is blocked out as Virden's Steve Krempasky hauls down a rebound under the Rocket bucket. Routt's Norman Zeller is at right. Virden eliminated the Rockets from the Waverly Tournament Tuesday, 69-52.

UNWELCOME HELP: Routt's Norman Zeller has his jump shot partially blocked from behind by Virden's Steve Krempasky on an attempt late in the contest at the 15th annual Waverly Tournament Tuesday morning. Looking on during the action are Virden's John Hart (1), Mike Perino (14) and Routt's Jim Proffitt (r). Virden whipped the Rockets 69-52 in the final game of the opening round of the 16-team affair.

Rated Teams Reach Semi's At Waverly

Routt Falls In Morning To Virden

WAVERLY — Glenwood and Virden captured the final two slots into the second round of the 16-team Waverly holiday basketball tournament.

By virtue of their respective 60-44 and 69-52 spreads, Glenwood and Virden moved into a duel in the final Tuesday evening contest on the Waverly tourney card.

Hit on 40 attempts from the floor, Lincolnwood set a new Waverly mark for most field goals in a single contest. The feat, amassed by virtue of a superb 63% clip from the field, erased the previous record high of 38, set by Auburn in 1960.

The Lancer's 88 points, coupled with 78 more, recorded in Monday's win over Waverly, garnered their second mark, topping Morrisonville's 1964 total of 158 tallies in two outings.

Finding the range in 11 of 16 shots in their first period, Lincolnwood romped to a 24-9 spread at the first stop. Held off by a tight defense, spearheaded by Lancer center Lynn Johnson, Northwestern failed to gain an offensive rebound during the opening quarter.

The Wildcats stayed even during the second period, to make the intermission tally 44-31, before the favorites broke out with 28 markers in the third frame to wrap up the victory.

Johnson, with 25, reigned as the fast-breaking Lancer's high man of the afternoon, while Ron Paluska netted 16 for the Wildcats.

Kincaid also gained a large early spread to advance in the afternoon's other second round playoff, capturing a 20-5 margin after 8 minutes on the way to a 67-50 mop over Morrisonville.

The Ponies increased their bulge to 36-15 at the half, and 61-31 at the three quarter mark, before a Morrisonville press cut their margin in the fourth quarter action.

Bob Tippitt's 15 point effort headed Kincaid's list of five men in double figures. Dave Byrne, Jim Wyzard, Harry Jones and John Mayer each collected 12.

Nine buckets and a solo charity toss, good for 19 points, by Larry Wilcox stood as high for the Morrisonville club.

The wins place Kincaid and Lincolnwood in today's third round action where they meet in a contest scheduled for 7:00 p.m.

Lancers And Ponies Move Into Semi's

WAVERLY — Top-seeded Lincolnwood notched two tourney records here Tuesday in their 88-55 conquest of Northwestern, while Kincaid romped past Morrisonville 67-50 in afternoon action of the Waverly holiday basketball classic.

Both victorious clubs had an easy time in their second round encounters, moving out to large spreads to coast home with triumphs.

Hit on 40 attempts from the floor, Lincolnwood set a new Waverly mark for most field goals in a single contest. The feat, amassed by virtue of a superb 63% clip from the field, erased the previous record high of 38, set by Auburn in 1960.

New Berlin, Glenwood Impressive

WAVERLY — Glenwood sophomore center Bob Esslinger tallied 36 points here Tuesday night as the favored Redskins rolled to a 72-51 victory in the evening's finale to second round play of the Waverly holiday basketball tournament.

The New Berlin Pretzels captured a surprise 59-34 romp over Monday night high scorer Worden in the night's card opener to lengthen the seeded clubs' tourney records to 12-0.

New Berlin's 'defensive wall' was impossible to surmount in the opener, as the Pretzels kept Worden on the outside all evening.

Racing from the opening tip, the Pretzels gained a 13-5 first quarter spread, as the Worden club, who hit at a 47% clip on Monday night, gained only one bucket.

Continuing to hold Worden to shots at the 15 and 18 foot range, New Berlin rolled up a 26-16 intermission lead. Wally Daube collected all three Worden two-pointers in the half.

Although only finding the range on four of 12 attempts in the third quarter, the favorites vaulted to a 38-20 third stop bulge, as Worden suffered another one-for-nine percentage from the floor.

Fast break lay-ups, combined with 10 for 13 at the line, augmented the Pretzels' romp in the final period in gaining their 59-34 conquest.

Steve Reiss led the New Berlin offensive output with 16, while Fred Radea countered with 10 for the Worden quintet.

In the nightcap, Glenwood marched to 20-6 and 39-21 leads after the first two eight minute sessions, to coast home with their 72-51 maul over Virden.

If the game was in doubt during the closing half it was only in regard to how many points Bob Ellinger could record. Ellinger, a 6'3" sophomore, dropped in 15 baskets during the action to tie the tourney record, and did more than his share in the rebound department, grabbing off 21.

The taller Glenwood squad all but owned the boards during the evening, as Virden was held to only eight offensive rebounds.

High scorer Dave Bruna, with 20, found the only way to break the defensive, hitting on 10 shots from the 18 foot range, but the effort was far from enough to overcome the fast-breaking Glenwood attack which led the victors to its 47% clip from the floor.

Two Upsets In 1st Round Of IVC Meet

WHITE HALL — Two upsets in three games marked the opening night of the Illinois Valley Conference Tournament, here Tuesday night. Winchester, tipped fourth-rated Carrollton 60-59, and Southwestern upended third-seeded Calhoun, 49-47, while second-ranked North Greene breezed to an easy 84-44 count over Greenfield.

Glenn Mikus hit a 15-foot jumper with four seconds left in the game in the first contest, pulling Winchester from a one-point deficit to their victory over the Carrollton Hawks.

Winchester led 17-12 at the first stopping point but trailed 29-27 at halftime. The close second half saw both teams hold short leads.

Winchester's Rex Brockhouse led all scorers with 23 for the evening. The winners hit a hot 48% from the floor, to Carrollton's 38% clip.

North Greene jumped to a sizeable 25-6 difference in the opening eight minutes and had no trouble from there. Ten players scored for the winners, led by Gary James' 22.

Southwestern led from the second quarter on, but Calhoun came back to tie the game at 42-42 at 11:19 left in the contest. Calhoun was never able to go ahead, as Southwestern protected its slim margin.

Gary Watson led the winners with 17, while Rod Longnecker led all scorers in the contest with 19.

Tonight's semi-final action pits top-rated Pleasant Hill against Winchester at 7:00 and North Greene against Southwestern at 8:30.

Central, Virginia Reach Meet Finals

BEARDSTOWN — Unbeaten Central of Camp Point and Virginia reached the finals of the championship bracket of the Beardstown Holiday Tournament, here Monday night.

Top-rated Central was pushed right down to the wire before nipping Carlisleville, 50-47, while Virginia had little trouble in parlaying a size advantage to a 65-50 count over Bowen.

In afternoon consolation action Brown County whipped Macomb, 60-57, and Havana dumped the host Beardstown outfit, 69-44.

Carlisleville and Central were deadlocked at the end of each of the first three quarters, with the eventual winner pulling out to a short lead in the final two minutes.

Virginia's two 6-5 men combined for 35 points, with Steve Larsen getting 21 and Bill Middleton 14. The winning Redbirds led 15-5 after eight minutes and 30-23 at intermission to win going away.

Central and Virginia will meet for the title this evening at 8:30, while Bowen and Carlisleville play for third in the championship bracket at 7:00.

Beardstown will play Macomb at 1:30 and Brown County will tangle with Havana at 3:00 in the consolation bracket.

ISU 84, FORT HAYS 82

EMPORIA, Kan. (AP) — Illinois State of Normal gambled for a last-second shot and made it for a tie-breaking 84-82 semi-finals decision over Fort Hays, Kan., State in the championship round of the Midwest Basketball Tournament Tuesday night.

A Jacksonville man was released under \$50 cash bail Tuesday evening after he was apprehended on a charge of battery.

Authorities at the Morgau county jail identified the man as Pat Meline of 226 East Morgan. He was taken into custody by city police about 4:30 p.m. Tuesday.

Halas Spurns Money War Over Drafts

CHICAGO (AP) — Owner-coach George Halas of the Chicago Bears, spurning pro football's money derby, offered Tuesday the rights to the Bears' No. 1 draft pick, tackle George Rice of Louisiana State, to any interested National Football League club.

At the same time, Halas disclosed signing of the club's No. 6 draft choice, Franklin McRae, 276-pound defensive tackle from Tennessee State.

In dropping negotiations with the 260-pound Rice, reportedly able to name his own terms with the Houston Oilers of the American Football League, Halas commented:

"The Bears are withdrawing from the money derby which is getting ridiculous and is not conducive to good squad morale."

Rice, a No. 3 Houston draft choice, cannot be signed until after his team plays Arkansas in the Cotton Bowl game Saturday.

Rice now is available to any other NFL club which may be interested, said Halas, who indicated he would expect some sort of compensation from any club successfully luring Rice away from Houston.

Halas now has bagged two behemoth tackles from small colleges, the 276-pound McRae and 285-pound Frank Cornish of Grambling College, an 11th round future pick a year ago.

Two other newcomers recently signed by the Bears include their No. 2 pick in this year's draft, defensive back Charley Brown of Syracuse, and No. 4 choice Doug Buffone, Louisville linebacker.

Duke Retains Spot At Head In College Poll

By BEN OLAN

Associated Press Sports Writer Duke's Blue Devils continue to hold a sizable lead in the Associated Press Major-College basketball poll, but the way things have been going for several among the top 10 teams — they may need the luck of the draw to maintain it. The Blue Devils face Notre Dame in their next game Friday night.

In the latest balloting by a panel of 43 regional experts, Duke collected 35 first-place votes and 405 points. The leaders have won seven games and lost one, and whipped Michigan 100-93 in overtime in their only start last week.

Unexpected setbacks suffered by St. Joseph's, Pa., Minnesota, Providence and Wichita helped shuffle the first 10 teams. The developments also resulted in major advances by four unbeaten teams, Vanderbilt, Bradley, Iowa and Kentucky.

Vanderbilt climbed from fourth to second, collecting 331 points on a basis of 10 points for a first-place vote, 9 for second etc. The Commodores garnered seven votes for first place. In last week's games, Vandy whipped Northwestern and the University of California at Santa Barbara for an 8-0 record.

Bradley Up To Third

Bradley, 10-0, moved two places to third after beating Montana and North Dakota. Iowa, 7-0, zoomed from ninth to fourth while Kentucky, which collected the other first-place vote, climbed from 10th to fifth. The Wildcats whipped Texas Tech last week for their seventh victory without a loss.

Brigham Young, unranked a week ago, moved into the No. 6 spot.

Michigan, which lost to Butler in addition to Duke, tumbled from third to seventh, and the Wolverines are likely to slip further as a result of their 89-87 loss to Arizona State Monday night.

St. Joseph's, Pa. fell from second to eighth. The previously unbeaten Hawks lost to Brigham Young and Wyoming last week. Minnesota and Providence each lost its first game of the year and slipped three places, the Gophers to ninth and Providence to 10th.

Wichita, eighth a week ago, dropped out of the top 10 after losing twice.

The Top Ten Teams, with first-place votes in parentheses, won-loss records through games of Saturday, Dec. 25 and total points on a 10-9-8-7-6-5-4-3-2-1 basis:

1. Duke (35) 7-1 405
2. Vanderbilt (7) 8-0 331
3. Bradley 10-0 229
4. Iowa 7-0 223
5. Kentucky 6-0 169
6. Brigham Young 4-3 94
7. Michigan 6-2 90
8. St. Joseph's, Pa. 5-1 74
9. Minnesota 5-1 74
10. Providence 5-1 40

State Income Tax Proposed By IVI

CHICAGO (AP) — The Independent Voters of Illinois (IVI) announced Tuesday it will oppose a proposed revenue article to the Illinois Constitution which would impose a flat 3 per cent state income tax.

Soviet Delegation Plans Hanoi Visit

MOSCOW (AP) — Alexander Shelepin, a top-level Soviet troubleshooter, will visit North Viet Nam, the official news agency Tass announced Tuesday night.

The scheduled trip of the Soviet Communist party's No. 2 leader comes as Moscow and Peking are fighting to influence the Red regime in Hanoi, with peace prospects possibly in the balance.

The brief announcement said Shelepin, 47-year-old former head of the Soviet secret police, will lead a delegation to Hanoi shortly.

It came as a halt in U.S. air raids on North Viet Nam continued and the Viet Cong in South Viet Nam proclaimed a four-day cease-fire for next month.

Urge Tough Line

The Chinese Communists have been urging Hanoi to take a tough line, demanding the ouster of Americans from all of Viet Nam. Public statements here have indicated the Russians would prefer a softer line that could lead to an end of the Vietnamese conflict.

Since last month the Chinese and Russians have been publicly feuding over whether Moscow is sending enough military aid to Hanoi.

(The selection of Shelepin for such a mission could mean that the Russians were approaching Ho Chi Minh's Communist regime on a party-to-party basis in an effort to assert strong Soviet influence in Indochina in view of Red Chinese efforts to shut the Russians out of South Asia.)

The announcement said the delegation would visit North Viet Nam at the invitation of the Central Committee of the Vietnamese Workers (Communist) party and the North Vietnamese government.

No 2 Mar

Shelepin, regarded by most observers in Moscow as second in the party to First Secretary Leonid Brezhnev, was relieved of his duties as a first deputy premier recently so that he could concentrate all his energies on party affairs. He thus no longer holds a government position.

Shelepin has been a top Soviet troubleshooter since Premier Nikita Khrushchev was ousted in October 1964.

The North Vietnamese recently signed a new economic and technical aid agreement in Moscow, amounting to Soviet grants to North Viet Nam along with undisclosed new military help to the North's defenses.

State Income Tax Proposed By IVI

CHICAGO (AP) — The Independent Voters of Illinois (IVI) announced Tuesday it will oppose a proposed revenue article to the Illinois Constitution which would impose a flat 3 per cent state income tax.

Executive Director John Kearney said the IVI, an affiliate of Americans for Democratic Action, long has called for a graduated state income tax; classification of property throughout the state, and higher corporate taxes.

He said the revenue article, which will be on the ballot in November, does not do what it was intended to do — provide additional money and set up a more equitable base than property for state taxes.

The article would allow the legislature to levy a 3 per cent income tax and increase it another 3 per cent on approval of the voters in a referendum.

Kearney termed the measure "a significant retrogression," criticizing its express prohibition of a graduated income tax. The new article, he said, would freeze into constitutional law an "irrational policy" of taxing corporations at the same rate as wage earners whereas, higher corporate taxes are now possible.

U.S. EMBARGO GOES INTO EFFECT

WASHINGTON (AP) — The Commerce Department put into effect Tuesday an embargo on shipments of petroleum and shoguns from the United States to Rhodesia.

The government previously had announced that it would support the action of Great Britain in cutting off the flow of oil.

The Rhodesian government, controlled by whites, has declared its independence of Great Britain, which is trying to push it back into line by economic pressure.

GOP Aims Guns At Big Cities For Larger Vote

WASHINGTON (AP) — Republicans set their sights Tuesday on a bigger share of the vote in the nation's major cities. GOP National Chairman Ray C. Bliss announced the effort — based on the recommendations turned out four years ago by a committee that studied big city politics.

Bliss himself, then Ohio GOP chairman, headed the committee.

Tuesday Bliss told a news conference financial problems have delayed implementation of proposals in the report. But he also said he does not know how much of an effort was made to marshal city strength during Barry Goldwater's losing campaign for the White House.

The national chairman said he now is confident money will be available for a continuing GOP effort in the nation's cities. He would not disclose the anticipated cost.

Bliss said the National Committee will provide assistance and manpower where it is needed to help put new life in GOP city organizations, work with minority groups and in the fields of research and public relations.

A first step in the party effort, Bliss said, will be a January meeting of Republican chairmen from 17 major cities. They are Baltimore, Boston, Chicago, Cleveland, Detroit, Kansas City, Los Angeles, Louisville, Milwaukee, Minneapolis, New York, Philadelphia, Pittsburgh, St. Louis, St. Paul, San Francisco and Washington.

Later meetings will bring together party officials from 40 other cities, Bliss added.

Holiday Toll Spurs Safety Crackdown

NEW YORK (AP) — Police, newspapers, state officials and private organizations sought Tuesday to frighten, coerce or persuade American motorists into driving safely during the New Year's holiday.

The widespread campaign was spurred by a record Christmas highway toll of 720 — more dead than U.S. fighting forces have suffered in their worst two months in Viet Nam.

NEWLY-FOUNDED ARCHERY CLUB NAMES OFFICERS

WHITE HALL — Officers of the Hurricane Bluff Bowmen, an archery group, were elected during an organizational meeting held at the home of Mr. and Mrs. Gary Dawdy recently.

Gordon Liming is president, Gary Dawdy is vice-president with Doris Liming, secretary; Donna Dunlap, treasurer and Vernon Dunlap, field captain.

Interested persons are welcome to join the group, according to the officers who are seeking additional members.

Masons Elect Officers
The annual stated meeting of

matter of fact

The weight of the brain varies with age, stature, body weight, sex and race. Age influences brain weight considerably. Brain growth is very rapid during the first three years of life but slightly less rapid up to the 7th year, when it is not far off its full weight. Prime weight in males is usually attained by the 20th year and earlier in females. The average adult male's brain weighs slightly more than three pounds.

A. F. and A. M. Lodge 80 was held Thursday night with the following officers being elected for the ensuing year: Francis Anderson, worshipful master; William R. Ford, senior warden; Billy D. McCarthy, junior warden; Rollin Day, treasurer and George R. Livingstone, secretary.

Annual reports were made and oyster stew was served at the close of the meeting. An installation date will be announced and appointive officers named.

Court Fleet and Citation, triple crown winners in 1943 and 1948, respectively, won the Pimlico Futurity as 2-year-olds.

CARBONDALE — Jacksonville advanced to the title game of the consolation bracket of the second annual Carbondale Tournament, here Wednesday morning, with a 51-36 victory over Sparta.

The win moves Jacksonville into the title game against Decatur Eisenhower Wednesday afternoon in a 4 p.m. contest. The semi-finals of the championship bracket will be staged Wednesday night and the finals Thursday evening.

The Crimsons led most of the way over Sparta, taking advantage of numerous mistakes by the losers, as well as Sparta's cold 28% shooting rate for the game.

With Rich Coble and Duane Hess showing the way JHS broke out to a 12-8 margin at the end of the first quarter. After Sparta tied the game and went ahead by two on a pair of buckets by Dean Gleghorn, Gary Ginder and Abe Brown hit for the Jacks and the Crimsons led the rest of the game.

Late buckets by Hess, Ron Coleman and Ginder boosted the halftime difference to 24-16. Jacksonville shot 39% the first half to Sparta's 37% clip. The Crimsons were not assessed with a turnover in the half.

The closest Sparta got in the third quarter was at three twice, but a string of eight straight points shot the Crimsons back to a 35-47 count entering the final period.

After Sparta got within 41-36 with a minute and a half left, Coleman led a spurt in the closing seconds that put the game out of sight. Coleman threw in eight points in the final minute.

While Coleman's 18 was high for both teams, teammates Ginder and Coble added 11 and ten respectively.

Jacksonville is now 6-3 for the season. Sparta bowed out of the tourney with a 3-6 record.

Robert Sandidge Dies Tuesday

A 52-year-old Panhandle Eastern Pipeline Co. employee was stricken at Waverly late Tuesday evening and rushed to Passavant hospital where he was dead on arrival.

Robert E. Sandidge, 52, of Pawnee worked Tuesday evening in the storage field near Waverly. He was stricken about an hour after finishing work for the day and rushed by Neece ambulance to Jacksonville.

Coroner John B. Martin said Sandidge died of an apparent heart attack.

The body was removed to the Davis Funeral Home at Pawnee. Further arrangements are incomplete.

Merry Gabfest At Franklin From Viet Nam

Members of the Franklin Lions Club helped provide a Merry Christmas for five area servicemen in Viet Nam.

After talking over what to send servicemen in Viet Nam in the way of food boxes and the like, the service club decided to send as many words as possible in a telephone conversation. Arrangements for the calls were made with General Telephone Company.

Five Franklin area servicemen are in Viet Nam. The Lions Club picked up the tab for a telephone call to the families at home.

In addition, the club distributed 18 baskets to needy families in Franklin, Nortonville, and Alexander.

Profits from the Fourth of July bazaar and celebration are used in the service projects of the Franklin Lions club throughout the year.

Fire Destroys Barn, Garage Near Naples

Fire of undetermined origin destroyed a barn and garage at the Robert Bangert farm one mile south of Naples early Wednesday morning.

Bangert awakened at 4:30 a.m. to find his barn engulfed in flames. The nearby garage ignited before the Bluffs fire department could respond to the alarm.

The Bluffs department, later augmented by the Naples fire department kept flames from igniting the house.

No damage estimate was immediately available.

Included in the loss was a sow and pigs in the barn and a 1966 auto, motorbike and tools in the garage.

Telephone service in the immediate area was burned out until repairmen arrived later in the morning.

All Over 65 Should Check Health Benefits

"Many people 65 and over should take action now to qualify for health insurance benefits under social security," H. J. Vasconcelles, social security manager in Springfield, stated today.

This advice applies to almost all people over 65 who do not receive social security or railroad retirement benefits, civil service retirement annuities, or public welfare payments.

Vasconcelles stressed the need for action now by persons over 65 still working full time. Even though no cash benefits may be payable to them, they must enroll to have full Medicare protection when the program goes into effect in July, 1966.

On the other hand, many persons may believe they are not eligible for health insurance because they have never worked under social security. He emphasized that this was not true, that even those over 65 who have never had a social security number may qualify by completing an application.

"If you are age 65 and not sure where you stand, visit the Springfield office as soon as possible," Vasconcelles said.

Applicants should take along their social security card, if they have one, evidence of any 1964 earnings, and some proof of age established early in life such as a birth or baptismal certificate. Regular office hours are from 8:30 a.m. to 4:45 p.m. Monday through Friday. In addition, special evening hours have been announced for each Thursday through January, 1966 from 4:45 p.m. to 8:30 p.m. The office will be closed Friday, Dec. 31, since that day is a Federal holiday. The Springfield office is located at 528 South Fifth street.

PRISONER WANTED FOR BURGLARY NEAR TAYLORVILLE

A prisoner being held in the Morgan county jail is also wanted on a warrant from Christian county charging burglary of a home near Taylorville Dec. 15.

Richard Evans, held under \$3,000 bond on a 1964 burglary charge in Morgan county, is sought by Christian county for the burglary of the Willard Bramel home northeast of Osbornville. Authorities said a shotgun, rifle, ring and woman's watch were missing from the home.

Evans is also under investigation by local authorities for auto theft and Scott county authorities on attempted burglary and auto theft.

He was arrested on a burglary warrant dating back to March of 1964 which had never been served. Evans appeared before Magistrate Paul Fenstermaker without making a plea. Fenstermaker set bond at \$3,000 and ordered Evans returned to the county jail.

CHAPIN UNIT HAS HOLIDAY CAROL SING

CHAPIN — The Cheerful Unit of the Morgan county home-makers' extension service met recently at the home of Mrs. Ethel Bultman with Mrs. Fred Lakamp in charge.

The major lesson was presented by Mrs. Tillie Schone, and the selected subject was given by Mrs. Arthur Nergenah. Anna Lakamp read the history of carols and the group sang. The recreation chairman, Mrs. Ethel Bultman, showed slides.

Refreshments were served by the hostess, Mrs. Andrew Delmer will be hostess for the January 13 meeting at her home.

Mr. and Mrs. Frederick Miller, 607 North Fayette street, became the parents of a son born at 11:38 a.m. Tuesday at Passavant hospital.

Fishermen To Answer Quiz In State Survey

SPRINGFIELD — A select group of about 20,000 licensed fishermen will receive a questionnaire during the first week in January. William T. Lodge, director of the Illinois Department of Conservation, announced today.

Purpose of the questionnaire is to determine the needs and desires of fishermen in Illinois and to obtain information that will help in establishing goals for the fisheries management program. The questions will concern fishing activities in 1965 and are so worded that they can be answered easily and quickly.

"We need information," Lodge said, "and we hope that fishermen will cooperate with us and answer the questionnaires as accurately as possible. Other states that have tried this type of survey report that it was successful."

Flashing Lights Are No Mistake

Flashing lights at the intersection of West College and South Church between 11 p.m. and 6 a.m. were planned that way.

The stop lights during the night hours are designed to flash amber for east-west traffic on College and red for north-south traffic on Church.

The flashers were installed Tuesday and in operation for the first time Tuesday night. The police department received several calls from residents that the lights were not working properly and promptly called an emergency repairman from the city light department.

The flashers were authorized by the city council several months ago and ordered for installation. The first equipment had to be returned due to technical difficulties.

Chief of Police Charles Runkel said Wednesday that motorists should stop for the flashing red light and proceed just like any other stop sign. Runkel said the flashing amber light is designed for motorists to slow for the intersection and proceed with caution.

The West State and Church intersection will be changed soon. The flashers operate only during the night in periods of little traffic.

EXTENSION UNIT AT ROODHOUSE HAS YULE DINNER

ROODHOUSE — The Roodhouse Unit of Home Extension met at the Hopkins Hall, Thursday at 6:30 p.m., for their annual Christmas dinner. Seventeen members and their families were present.

Tables were decorated in keeping with Christmas. Hostesses for the evening were Mrs. Herman Spencer, Mrs. Floyd Anthony and Mrs. Ralph Benner.

After the potluck dinner, Mrs. William Locher presided during a short business meeting as program books for 1966 were completed.

Several members brought home-made decorations and explained how they were
